KAKINADA LEELAKUMAR

SOFTWARE DEVELOPER

leelakumarkakinada@gmail.com | +91 9676953491 | https://www.linkedin.com/in/leelakumar

SUMMARY

Software Development Engineer with 2.5 years of experience developing high-performance web, mobile, and backend systems. Strong expertise in JavaScript/TypeScript (React, Next.js, React Native, Node.js), with production experience building Python-based catalog pipelines, SQL data workflows, GraphQL/REST APIs. Proven track record of rapid internal promotion from QA to SDE II and delivering reliable, scalable features end-to-end from architecture and development to deployment.

WORK EXPERIENCE

Buncha Technologies India Pvt Ltd

Software Development Engineer - II **Sept 2025 - Sept 2026**

- Architected and deployed lightweight GraphQL APIs and microservices using Node.js and enabling seamless data exchange between client applications and backend datastores.
- Engineered Elasticsearch and k-NN vector search pipelines, cutting query latency by 20% (down to <200ms) while dramatically improving relevance for complex queries by 15%

Software Development Engineer - Trainee & I **March 2024 - Sept 2025**

- Developed and maintained responsive web applications using React JS, Next.js, and TypeScript. Contributed to mobile application development using React Native, improving user experience and performance.
- Gained hands-on experience in Site Reliability Engineering (SRE) practices, including monitoring, debugging, and maintaining application reliability.
- Partnered with backend teams to integrate APIs and resolve production incidents using observability and logging tools, eliminating system bottlenecks and ensuring high-availability uptime.

QA Internship **Sept 2023 - March 2024**

- Led end-to-end manual and performance testing using Apache JMeter, identifying and documenting critical functional, UI, and load bottlenecks across multiple releases to accelerate bug resolution prior to production.

EDUCATION

Bachelor of Technology **April 2020 - April 2024**

Andhra University College of Engineering

- Electronics & Communication Engineering
- Final CGPA: 8.74

KEY SKILLS

- React JS
- React Native
- SQL
- Python
- TypeScript
- JavaScript
- Node.JS
- Next.JS
